

# Annual State Performance Report 2025

Council of Ministers — Annual Review

## Executive Summary

This report summarises the activities, results and challenges of the South East State of Somalia during fiscal year 2025. It covers governance, security, social services and economic development.

## Governance and Public Administration

Over 2025 the state strengthened district administrations, rolled out a public servants registry and improved coordination between line ministries. Citizen-engagement consultations were held across all regions.

## Security

Joint security operations continued in partnership with the Federal Government and security partners, restoring stability in priority districts and re-opening key routes for civilians and commerce.

## Social Services

Education enrolment grew across primary and secondary levels. Health outreach campaigns reached coastal and inland communities, with a particular focus on maternal and child health.

## Outlook for 2026

Priorities for 2026 include scaling investment in fisheries, expanding rural road links and continuing the digitisation of government services.
